

Welcome To The Allstars Dance Studio 2018-2019 Season

Welcome future Allstar! We are so excited for you to join our dance family and the American Allstars Community. Here at Allstars Dance Studio our mission is to develop our dancers by training and educating our students on the fundamentals of each dance style. This is a fun and creative environment where the students can grow and learn in a safe and welcoming studio.

Why Choose Allstars Dance Studio?

We are a fun and creative environment. As a studio we are focused on our recreational dance program. Our instructors are here to teach the fundamentals of each style while allowing the students to have fun with it.

Dancing for Allstars Dance Studio means that you are also joining the American Allstars Community. This organization as a whole is focused on building well-rounded athletes. Like all other programs here, our instructors will focus on strength & conditioning as well as dance.

Our students will leave each season with more discipline than the last. Along with dance, the students will learn proper classroom etiquette and a sense of professionalism. We are a structured program so that the students can grow.

This new dance program starts developing our dancers in our technique based instruction at the pre-dance class level. Our goal is for each dancer that walks through our doors, no matter what age, to become a part of our dance family and receive the same structure.

The WOW program that was created by American Allstars Gymnastics program is utilized at Allstars Dance Studio. We are strengthening our dancers from the inside out! At the beginning of each month we will go over the WOW word of the month and what it means to each student. Allstars Dance Studio will focus on our students as a team. This is a family environment. Welcome to the American Allstars community!

Allstars Dance Studio is run by our two lead instructors who have a combined 40+ years of dance and performing experience. They are both excited to share their knowledge with each and every dancer. With this being a new studio and program we have more time and focus with each student.
